RE: Microbiology Certification

Dear Ms. Jones:

Enclosed is your new Colorado Department of Public Health and Environment Safe Drinking Water (SDW) Microbiology Certificate, which is effective **May 1, 2019 through April 30, 2020**, unless modified prior to that date, and is based on your laboratory's successful participation in a recent PT Studies Phenova (WSM-0218 and WSM-0618) for the approved parameters.

This certification must be renewed by **March 2020**. Routine on-site inspections are conducted every two years (biennial), unless the certification is modified. Our records show that your most recent onsite was April 2018.

Please visit our website at <https://www.colorado.gov/cdphe/dwlab> to download all renewal requirements and should you have any questions or concerns, you can either reach me at (303) 692-3045.

Sincerely,

Ben Chouaf, Certification Officer
Laboratory Services Division
